1. How to link Linxura with Tapo devices?
Make sure your Tapo device is set up in the Tapo app and functioning properly.

Step 1:
Open your Linxura app and then select the Linxura you want to bind with Tapo.
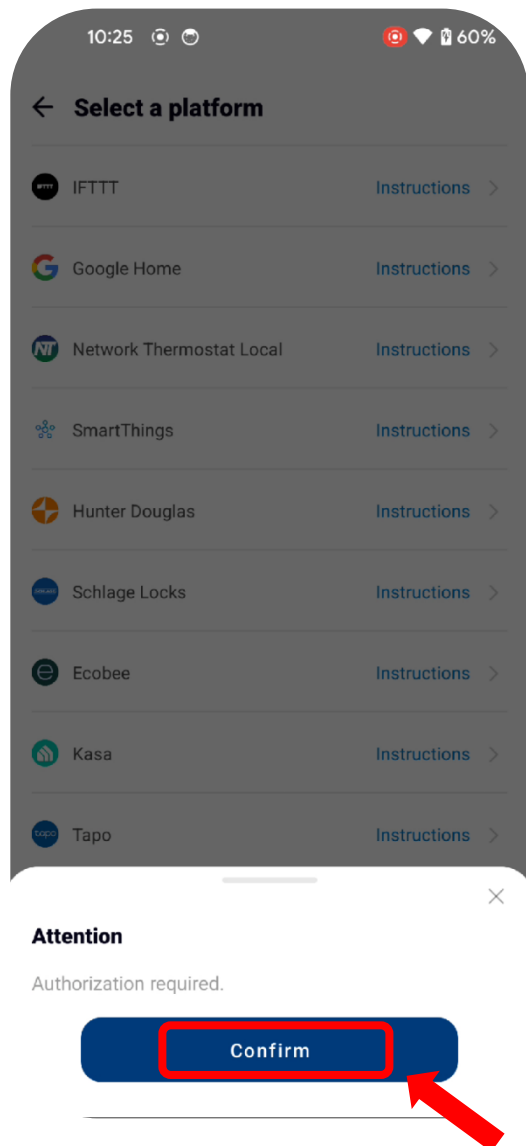

Step 2:
Choose a button.

Step 3:
Click 'Select platform'.
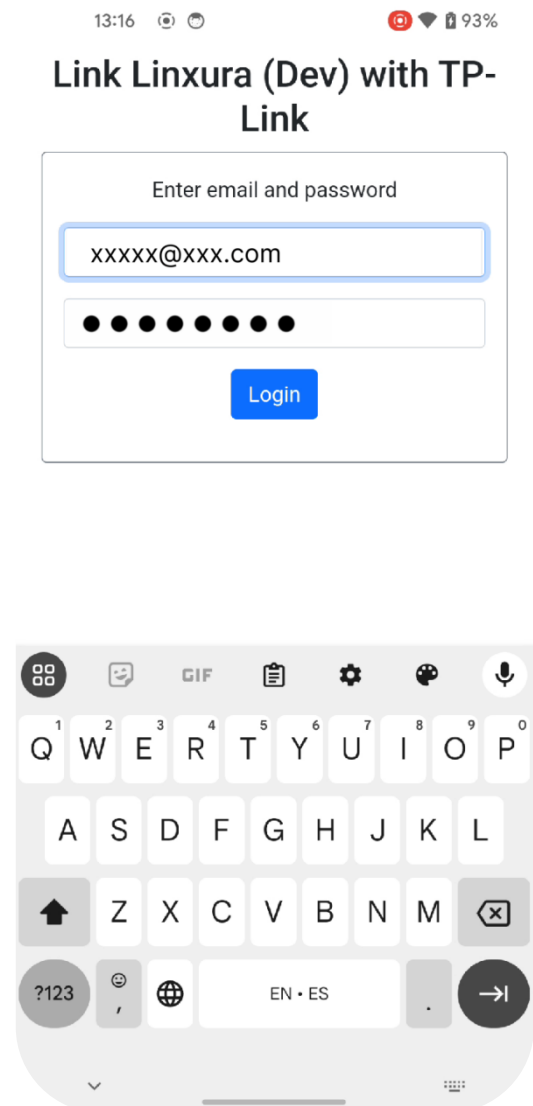

Step 4:
Select 'Tapo' option.

Step 5:

Click 'Confirm' to complete the authorization.

Step 6:

Log in to your Tapo account and authorize Linxura.
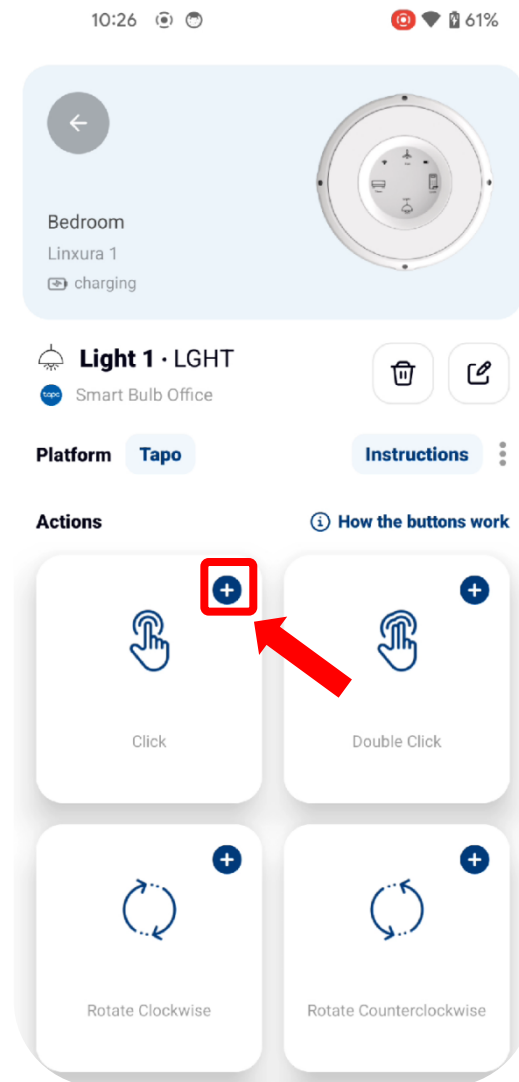

Step 7:

Select the Tapo device and click 'Save'.

2. How to use Linxura to control the Tapo device.
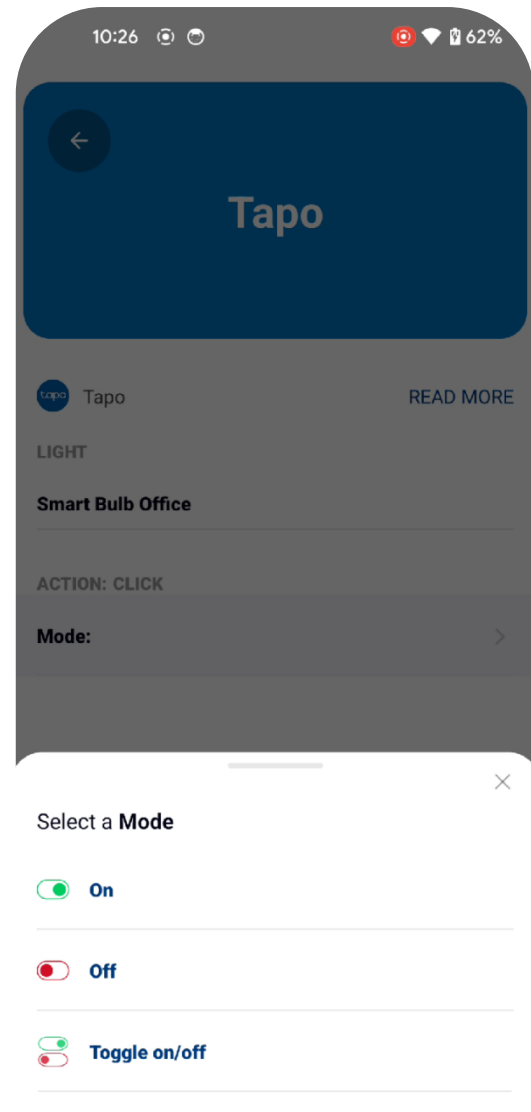

Step 1:

Click the '+' icon to add a Click Action.

Step 2:
Click 'Mode' and select one of the options.

Step 3:
Select one of the 'Mode' options.

Step 4:
Configure the brightness, color, or color temperature as needed (optional). **Note that you can only configure either color or color temperature at a time.**

Step 5:
Click 'Save' to save the Click Action settings.

Step 6:

You can follow the same steps to configure Double Click, Rotate Clockwise, and Rotate Counterclockwise.

You can now use Linxura to control your Tapo device!
